TEXAS PRESS ASSOCIATION 1959 PRIZE WINNER

Volume 100 — Number 23 | CAMERON, MILAM COUNTY TEXAS, THURSDAY, SEPTEMBER 3, 1959 | 12 PAGES TODAY

01' With FM 100

Kids have unusually keen insight though their parents often overlook same.

Case in point is this conversation between two little boys overheard at a recent press gathering:

FIRST LAD: It sure must be nice to have a father for a newspaperman.

SECOND LAD: (Taking the bait) Why?

FIRST: 'Cause you can get your name in the paper anytime you want to.

100-100-100

It is of interest to us, naturally, since names are the backbone of any newspaper, regardless of size. To contradict the above anecdote, we find it extremely difficult to take advantage of the situation.

And that's as it should be.

But the name game in newspapers is a fascinating business. We publish weekly about 4,000 to 5,000 names when all the family connections in the personals, 10 county correspondents' stories and general news are calculated.

We figure just about everybody is mentioned at least once in The Herald during a year's publication. Sometimes the mention is less attractive than would be desired, but we gotta take the bad with the good and indifferent. Or we wouldn't be a newspaper.

100-100-100

The charge that we don't leave out anything has been jokingly fired our way on a number of occasions. But when the purpose of our publication is considered, people are generally happy to see all those names and details in print.

It has even been joshed about that we try to imitate the venerable New York Times policy of printing complete texts of public information.

Of course this is impossible. We try to pick the salient points of complex budgets, involved stories and array them in some sort of readable fashion. We could do a lot less.

100-100-100

But less than we're doing wouldn't be enough and more might kill us, spacewise.

So there's a lot in a name, as far as we're concerned. Its mention says somebody is doing something. And that action, though only a visitation, is as relevant to good newspapering as covering the hottest crime story or the most controversial news break.

The big press and the electronic media cannot assume the responsibility. We cannot nor will not overlook the individual; everybody does that now days.

HIT THAT LINE—Band Director Francis Cox sights down the first rank of the Marching Hundred in drill practice. The Yoe High School band will present the first 1959 halftime performance tomorrow night at the West-Cameron game at Yoe Field. A big opening night crowd is expected for the grid battle of the season. Both bands will present marching demonstrations at halftime.

Budgets Clearing Review

School, County Budgets Okayed, City's Up Next

Three public budgets have been considered by school, city and county officials, approval going to two and the city budget due for final public hearing 8:30 p.m. Tuesday, September 15.

Tuesday night school board members approved the proposed $417,525 district budget, altering major budget outlays by only $300.

The school tax rate will continue at $1.45 as in the past year.

A week ago, county commisioners okayed a $558,088 county budget at the same 95-cent per $100 valuation.

Only major change read into the 1959-60 county budget was an increase of 6 cents per $100 for about $13,500 more in the general county fund, cutting the same amount from the general road and bridge fund.

At the city level, Cameron councilmen approved a second reading of a $254,211 budget that must be heard in a public hearing September 15 before it goes into effect.

In both public hearings for school and county budgets, only a few citizens attended, officials of both units of government reported.

None of the budget tax rates was increased this year.

The city's rate of $1.60 drew unanimous approval in Tuesday's council meeting.

City Studies Need For Tall LR Dam

TELEVISION READING—O. A. White owner of Cameron Livestock Auction, sits before the camera of a closed television circuit installed at the local auction. Using one of the first such sets in Texas, workmen place cattle weight and cattle number in front of the camera which projects the figures to a TV receive in the auction arena. Closed circuit television equipment is used in schools, hospitals and other institutions around the country for similar uses.

Council Okays Paving Payment, Views Dredging

City councilmen Tuesday night called for an analysis of reservoir needs at the city's Little River Dam as a state permit deadline neared expiration.

The council also approved payment of $6,946.14 to Slough Construction Co., Temple, for E. 10th St. and three blocks of N. Jackson paving and $4,036.42 for 48-inch concrete pipe being installed on Jackson and E. Seventh streets.

Discussion arose on whether or not to raise the level of the LR Dam by three feet, estimated to cost about $43,000 by Joe J. Rady Co., consulting engineers. The city has $32,500 earmarked bond funds left from city water plant construction.

Mayor Bassel Wilson proposed that Cameron not spend the money "which is not enough anyhow" and use part of the funds for dredging and deepening the river channel upstream from the dam.

Decision Deadline

City Atty. Jack Prescott raised the deadline question when he noted that the statewater board's permit to start dam construction would expire October 5. Councilmen are generally against raising the dam.

Prescott said that Cameron may need additional storage space in case of future drouths as experienced in years past.

If construction is decided, Rady Co. will draw a commission of about $3,200 on the project for engineering, officials said. Councilman Richard Moseley asked that Rady's contract be reviewed before a final decision.

Payment for the concrete pipe and other bills including $101.50 for street sweeper brushes and $254. for plaques at the city filtration and water plants were approv-

1,049 Register First School Day In City System

Attendance at Cameron schools' opening day classes Tuesday totaled 1,049, according to Supt. Wiley Loughmiller.

Total attendance is expected to reach about 1,600 students by January 1, 1960, he said.

A substantial gain was shown in Yoe High School where 370 students attended scheduled classes Tuesday. It exceeded last year's maximum total by about 15 and 1957 by about 10.

Loughmiller estimated that Cameron's growing school attendance would push Yoe High School enrollment to 390 by January 1.

One more consolidation with a nearby rural district would probably boost Cameron's YHS into AAA classification permanently, he noted.

Yoe High School was in the AAA category in 1956 and 1957 when the minimum count was about 370. New AAA minmium is 400.

Belton, a member of the AA football conference with Cameron, will advance in AAA next year.

Other opening day attendance included: Ada Henderson School, 403 and Ben Milam School, 271.

Enrollment at St. Anthony's parochial school is expected to be 180.

Early week attendance figures were unavailable at O. J. Thomas school.

Total enrollment during 1958 was 1,587 students, the superintendent said.

Bale Count Hits 2,393 Milam Total

The approximate 1.5 inches of rain this week slowed cotton picking and baling, but gins still baled 2,393 bales through Tuesday.

P. W. Davis, manager of Cameron Compress, reported that rains had slowed picking by hand or machine as the total bale count rose 943 bales since last week's count. A total of 1,450 bales were ginned up to a week ago.

Davis said strippers have started in many cotton fields in Milam County and production would go full tilt if rains subside this week.

Meanwhile corn harvesting continued in the county in about the same proportion to cotton.

Cotton buyers were continuing shows of optimism about the 1959 Milam cotton picture. Estimates of 15,000 to 20,000 bales were considered good.

Cotton production was coming out of fields planted by 1,032 growers this year on 42,400 acres.

Observers said that some irrigated bottomland cotton could produce to one bale per acre if favorable conditions prevail.

Average cotton yield in Milam County is about one-third bale per acre on upward to one-half bale.

The labor situation improved during the past week as migrant workers arrived in this area.

Agriculture workers said that labor should be more plentiful for the next week unless rains delay picking and the workers move on.

Both cotton picking and corn harvesting will hit their peak in the early weeks of September.

Robert Green, 78, Ex-City Attorney, Dies In La Feria

A former Cameron city attorney died last Thursday in LaFeria after long years of service in the Masonic Lodge and corporation court.

Robert E. Green, 78, Brownsville brother of the late Mrs. Pearl Clement, Cameron, was born in Cameron and was an early attorney for the city prior to moving to Brownsville in 1914.

He served also as judge in corporation court there and was a practicing attorney.

He was a member of the First Methodist Church, the Rio Grande Lodge No. 81, AF&AM, Sons of the Republic of Texas, a Shriner, a past master of the Rio Grande Lodge No. 81 AF&AM, and past district deputy grandmaster of the 40th Masonic district.

Survivors included his wife, Mrs. Eunice J. Green, Brownville, a deputy U. S. district clerk, two sons, six grandchildren and a great grandson.

Services were held Saturday at Brownsville. Graveside services were in the Buena Vista Cemetery under the direction of the Masonic Lodge.

Schools, Businesses To Close Labor Day

Schools and most business houses will be closed Monday, Labor Day, according to Chamber Manager Richard Moseley.

The Labor Day holiday is one of five holidays voted by a majority of Chamber members, Moseley said.

They are: Fourth of July, Labor Day, Thanksgiving, Christmas and New Year's.

Schools opened Tuesday for four days of classes this week. After a long week end, they will resume classes Tuesday.

$10,200 Goal Set For United Fund

The budget committee of the North Milam United Fund Tuesday night set a $10,200 goal for the annual combined charity drive north of Little River.

In an earlier board meeting of the North Milam fund elected Wayne Wieser, Cameron, chairman of the drive for the 1959-60 year and W. C. Wallace, co-chairman.

Breakdown of the proposed budget still to be reviewed by the NM Fund board is:

Red Cross, $3,100; Boys Scouts, $2,625; Girl Scouts, $1,350; Salvation Army, $1,125; Library fund, $1,087.50; North Milam Charities, $750; Heart fund $100; and operating expenses, $62.50.

Budget board members met with representatives of the various participating agencies this week before drawing up the proposed budget, according to Wieser.

Fund President E. O. Schiller Jr., said that $1.25 per capita gifting would cover the requirements for the fund's North Milam requirements. Last year the average per capita was about 50 cents.

Committee members serving on the drive committee with Wieser and Wallace are: Mrs. Bill Burns, Mrs. David Shapiro, Mrs. O. B. Harden, Bill Crockett, Charlie Burke, all of Cameron; Leon Brady, Buckholts; the Rev. Gerald R. Cobb, Ben Arnold; and Bill Crennan, Burlington.

Members of the budget committee, chairmaned by Bob Nelson, Cameron, are: Drayton McLane, Hinton Pruett, Richard Williams, Wiley Loughmiller, Earle Pearson, Don G. Humble, Miss Mildred Thornton and Mrs. James Kahler.

Schiller said the board would meet in the near future to plan an October drive.

Guard Unit Ups Rank For 2 Men

Two promotions were made in Company C, 3rd Medium Tank Battalion this week, the Milam County National Guard unit reported today.

Getting another stripe were Sgt. James E. Hollas, upped to Staff Sergeant, and Pfc. Albert F. Mondrk, advanced to Specialist - Four.

Hollas is assigned to Company C's tank platoon. He is employed here in Cameron by the Cameron Herald. Mondrik, also assigned to the tank platoon, is employed by his father, Lone Star Beer distributor here. He will attend Temple Junior College in Temple beginning with the fall term.

Bloodmobile Draws 100 Pints Here

Cameron reached its quota in the latest bloodmobile visit with 100 pints of blood donated.

Dr. Sidney Richardson, chairman of the Chamber's health and sanitation committee, said that two donors, J. O. Vessels and Dave Whitley, gave their sixteenth pints of blood.

A total of 110 turned out for the drive held at First Methodist Church Recreation Building.

KC Picnic Draws Good Crowd Here

A large crowd attended the annual Knights of Columbus picnic Sunday at the KC Hall grounds.

Officials reported that the turnout was one of the best in years.

'Savings Galore'

$ Day Tomorrow

Dollar Day comes again tomorrow as many Cameron merchants gear their stores for monthly savings.

It is another of Cameron's First Friday savings that compare favorably with any town or city in Central Texas.

Milam County shoppers have been saving real money for years in this city's Dollar Day program.

Specials will be available in droves in clothing, piece goods, household items and many other fields Dollar Day.

Milam shoppers will find samples of the many bargains in today's Herald.

Cameron Chamber officials point out that it is unnecessary to drive out of town to get savings you want on fall and back-to-school merchandise. Officials ask that you consider the added expense in time and milage when shoppers go out mid-county Cameron to shop.

A large crowd is expected to equal the big Dollar Day turnouts of previous months.

"Our motto this month as in previous months is "Bargains galore throughout the stores", officials said.

7-Day Forecast

Here's Week's Weather

With the Azores area of high pressure still off shore of East Texas and squalls still moving ahead of cool air out of the Pan-Handle the complexion of the weather for the first week in September seems to be one of contrast compared to other years as rain continues and temperatures begin to fall prematurely. Heavy onshore flow of moisture is expected with moderate to heavy shower activity toward the end of the Forecast period.

Sept. 3—Heavy low morning clouds hot and humid with clear skies in the later morning and early afternoon. Scattered afternoon showers and light thundershowers. Clearing late in the evening. Southeast wind 8-10. High 88-90. Low 68-70.

Sept. 4—Decreasing low morning clouds with patchy ground fog in the River bottoms. Scattered afternoon cloud-build-ups and light and variable winds. High 92-94. Low 70-72.

Sept. 5—Not much change in temclear evenings. Light southwest winds 8-12 High 92-94. Low 72-74.

Sept. 6—Continued warm and dry with Southwest winds 8-10. Sunny in the afternoon with scattered clouds until sundown. Heavy haze and smoke.High90-92.Low 70-72.

Sept. 7—Warm and sunny most of the day with brief low morning clouds and patchy ground fog along the river beds and in the low places scattered showers along the Brazos, very light and diminishing after sundown. Clear in the evening. High 90-92.Low 70-72. Southeast winds 8-12.

Sept. 8—Warm and humid with low clouds and heavy ground fog along the rivers. Sunny in the late and mid afternoon with scattered light showers and thundershowers along the lower San Gabriel and Brazos. Southeast winds 12-16 during the day and 8-10 in the evening. High 88-90. Low 70-72.

Sept. 9—Heavy low morning clouds and drizzle until 8:30 a.m. Clearing briefly in the late morning followed by early afternoon cloud build-ups and late afternoon thundershowers. Southeast winds 12-14 with gusts to 30 in showers. Clear skies after 9:30 p.m. High 86-88. Low 68-72.

Sept. 10—Continued high humidity and low morning clouds with light rain after sunrise. Showers diminishing by 9 a.m. and partial clearing with some sunsaine in the early afternoon followed by heavy late afternoon cloud build-ups, heavy thundershowers and gusty winds to 55 mph. Possible ¾inch hail with thundershowers subsiding and skies clearing by midnight. Winds other than thunderstorm winds southeast 12-16. High 84-86. Low 68-70.

Plan Your Pasture

Want a good pasture next winter? If you do, now is the time to make plans for it, says E. M. Trew, extension pasture specialist. As a first step, he suggest submitting soil samples from the pasture area to a soils testing laboratory for analysis.

Auto Liability insurance is written by George Childress with easy, low, monthly premium payments as low as $2.17 a month. — Adv.

Baptist Revival To Begin Sunday

The First Baptist Church will begin special services with emphasis on "New Life for You" Sunday September 6 and continue through the 13, according to Aubrey F. Russell, pastor.

Dr. Kyle M. Yates, scholar, teacher, writer, and pastor, who holds the title of Distinguished Professor of Bible, Baylor University, will preach.

Mr. John Matthews, Music and Educational Director of the First Baptist Church, Vernon, will lead the singing.

The evening services will be at 7:45 and the morning services at 7:00. The public is invited to attend.

Ernest Batte Weds Tyler Girl Recently

A wedding of interest to many people in the Cameron and Central Texas area was solemnized recently in Winona.

Miss Edie Greener became the bride of Mr. Ernest V. Batte in a candlelight service at the First Baptist Church of Winona.

The doublering ceremony was performed by Rev. Don Walker before an altar decorated with baskets of white asters and gladioli.

Miss Vicki Kay, organist, and Mr. Crenuous Hall, siloist, provided traditional wedding music.

Misses Debbie Denton and Mary Ann Miller, lighted the candles.

Miss Shearon Greener served as maid of honor.

Best man was Mr. Don Murray and Allen Graham and Robert Greener were ushers.

The bride was gowned in a white chiffon over taffeta styled with a fitted bodice and full skirt. Her fingertip veil of French illusion was held in place by a circlet of illusion. She carried a bouquet of white carnations.

The bride is the daughter of Mr. and Mrs. Ray Greneer of Winona and is employed by the Citizens First National Bank in Tyler.

The groom is the son of Mrs. R. L. Batte Sr. and the late Mr. Batte of Cameron and is employed by the Tyler Electrical Company.

The couple is at home at 210½ East First Street, Tyler.

Mrs. Joe Hickman of Cameron, sister of the groom attended the wedding.

Bridal Shower Fetes June Weems

Miss June Weems, bride-elect of Johnny Stevens, was honored at a miscellaneous shower Tuesday afternoon at the Schiller home.

Hostesses were Misses Linda Schiller, Annette Russell and Virginia Reichert.

Approximately 30 school friends of the bride-elect were registered by Miss Reichert.

Special guests were Mrs. Carl Weems, mother of the honoree, and Mrs. Milton Schiller, mother of the hostess.

Miss Weems was wearing a white carnation corsage presented by the hostess.

Gifts were displayed in the den by Misses Daisy Henderson, Peggy Schiller, and Nancy Schiller.

The refreshment table was laid with a pale green net with a centerpiece of pink asters and fern. Miss Annette Russell served pink punch from the crystal punch bowl, with other appointments in crystal. Assorted cookies and colored mints carried out the pink and green color scheme.

Vases of pink sweetheart roses were placed at vantage points throughout the party rooms.

PTA Open House To Be September 3

Parents and all interested citizens are invited to join Thursday evening, September 3, when the P.T.A. has its open house in the school tennis courts at 7:30 o'clock, as this is the time to enroll in your Cameron Parent Teachers Association.

The school trustees, school administrators, and the faculty will be introduced. This is the time to meet your child's teacher and let her know you.

The Yoe High School Band, under the direction of Mr. Francis Cox, will present a concert.

The theme for this opening meeting will be "Back to School through P.T.A."

CARD OF THANKS

We wish to take this opportunity to thank our friends and neighbors, Dr. T. E. Crump and Rev. John Baletka for the kindnesses shown us during the death of our beloved mother, grandmother, and great grandmother; also for the food and flowers.

May God bless each and everyone of you.

The Family of
Mrs. Conrad Jekel Sr.

Fischer, Zajicek Exchange Vows

The sanctuary of Hope Lutheran Church, Buckholts, was the setting for the doublering candlelight wedding ceremony Saturday evening at 7:30 when Miss Bernice Marie Fischer of Buckholts became the bride of Joe Dean Zajicek of Buckholts.

The bride, daughter of Mr. and Mrs. Edwin Fischer of Buckholts, is a 1956 graduate of Buckholts High School and a 1958 graduate of Temple Junior College.

The bridegroom, son of Mr. and Mrs. Joe Zajicek of Buckholts, is a 1956 graduate of Buckholts High School and recently received his Bachelor of Science degree in vocational agriculture from Southwest Texas State College at San Marcos.

Mr. Dennis Schick of Tempie, soloist, and Mrs. Eddie Pitrucha of College Station, organist, presented the traditional nuptial music.

The Rev. F. T. Sager of Peace Lutheran Church, Rockdale, read the wedding vows that were exchanged before an altar flanked by two baskets of white mums and white pom poms and illuminated by four seven-branched candelabra entwined with comedor and white mums and holding burning white cathedral tapers. The bridal aisle was marked with comedor tied with white satin bows and streamers.

Bride Wears Organda

The bride, given in marriage by her father, was gowned in resplendent white silk organza over white slipper satin. The moulded bodice featured a scalloped yoke of Rosepoint chantilly lace touched with a silk organza bow and brief lace sleeves. The Sabrina neckline was delicately sprinkled with seed pearls and irridescent sequins. The bouffant skirt of organza was ornamented by wide panels of chantilly lace flowing from the waistline into a magnificent Cathedral train. To complete her ensemble the bride wore matching silk organza gauntlets.

Her fingertip French illusion veil was attached to a queen's crown of chantilly lace encrusted with seed pearls, irridescent sequins, and white crystal tear-drops.

She carried a long cascade bouquet o: white phalaenopsis orchids entwined with English ivy and lillies of the valley and centered by a white orchid with a fushia throat. Her only jewelry was a pair of white crystal earrings, a gift from the bridegroom. The bride carried out the traditional something old, new, borrowed and blue.

Attendants

Miss LaVelle Fischer of Buckholts, sister of the bride, was maid of honor. The bridesmaids, were Miss Phyllis Reese of Killeen and Miss Beverly May of Temple, cousins of the bride; and Miss Elaine Henley also of Temple.

Attendants wore ballerina length dress of shrimp silk organza over taffeta fashioned with Empire bodices featuring a shirred decollete yoke and tiny shirred sleeves. The bouffant skirts were topped by a fold and two soft bows of organza on the midriff. They wore matching satin pumps, half hats of shrimp nylon tulle braid trimmed in seed pearls and topped with circular veils of French illusion, and classic shirred white gloves.

Miss Becky Beckhusen, daughter of Mr. and Mrs. Wilburn Beckhusen of Buckholts, was flower girl. She wore a ballerina length dress identical to those of the attendants with an organza bustle and a bandeaux of shrimp silk organza. All attendants carried cascade bouquets of shrimp carnations entwined with English ivy and flowing shrimp streamers.

Walter Zajicek of Buckholts, brother of the bridegroom, was best man. Groomsmen were Stanley Glaser of Buckholts; Ernest Fischer of Austin, cousin of the bride, and Theodore Fuchs of Cameron. Master Jackie Zajicek of Buckholts, brother of the bridegroom was ring bearer.

Ushers were O. J. Wagenfuehr III of Temple and Kennard Lange of Cameron, cousins of the bride.

The mother of the bride, chose a sheath dress of mauve lace over taffeta while the bridegroom's mother was attired in a sheath dress of black lace over taffeta with a matching lace bolero. Their corsages were of pink feathered carnations.

Reception

Immediately following the wedding, a reception was held in the Educational Building of the Church. In the receiving line were the bride and bridegroom, their parents, and the bride's attendants.

Mrs. Wayne Baggerly of Marlin registered the guests.

The bride's table, laid with an imported Egyptian lace cloth over shrimp taffeta, was centered with the bride's bouquet. The six-tiered wedding cake, made by Mrs. August Kubacek of Rockdale was divided by Gracian columns, topped with a minature bride and groom, and was decorated with crystal sugar wedding bells, lillies of the valley and pale shrimp roses, was served by Mrs. O. J. Wagenfuehr III of Temple. The lime sherbet punch was served by Miss Martha Fischer of Temple. All appointments were crystal. The setting was enhanced by baskets of white mums and branched candelabra holding burning white tapers.

Other Houseparty Members

Other members of the house party were Mrs. L. Krenek and Mrs. Kennard Lange of Cameron, Mrs. A. W. Zajicek Jr. of Houston and Mrs. Ernest Fischer of Austin.

The couple will make their home at 428 Burleson in San Marcos where Mr. Zajicek will begin work on his master's degree at Southwest Texas State Teacher College.

Rehearsal Dinner

Miss Bernice Fischer and Joe Dean Zajicek, who were married Saturday evening and members of their bridal party were feted at a rehearsal dinner Friday night on the lawn of the lakeside country home of the bridegroom's parents, Mr. and Mrs. Joe Zajicek of Buckholts.

The dinner for the 30 guests was served buffet style from a table laid with an imported white linen cloth and centered with an arrangement of garden flowers.

Zajicek Receives BS Degree In Ag

Mr. and Mrs. Joe Zajicek and sons, Walter and Jackie; Mrs. Edwin Fischer and daughters, Bernice and LaVelle; Mrs. A. W. Lange and Mrs. Ed Pagel of Buckholts and Mrs. Elsie Wagenfuehr of Temple attended the Summer Commencement Exercises of Southwest Texas State College at San Marcos recently when Joe Dean Zajicek of Buckholts received his Bachelor of Science in vocational agriculture.

Mrs. La Rita Lange and Albert Lange of San Marcos formerly of Buckholts received their Master of Education degrees.

Former Milam Co. Resident Dies, Burial In Rogers Friday

Funeral services for Mrs. G. A. Weathersbee, 81, of Rogers, were held Friday at the Rogers Church of Christ at 3 p.m.

Mrs. Weathersbee, a native of Milam County, died in a Temple hospital Wednesday night. She had lived in and around Rogers all of her life.

Rev. Raymond Morgan and Carrol Burcham officiated and burial was in the Rogers Cemetery.

Survivors include two daughters; Mrs. Cora Lawhon of Sharp and Mrs. Zadie Hairgrove of Rogers; four brothers, Floyd Johnson of San Angelo; D. O. Johnson, Torence, Calif, Arvel Johnson, Dallas; and R. W. Johnson, Robstown; four sisters; Mrs. A. J. Weathersbee, San Angelo; Mrs. G. A. James, Cameron; Mrs. C. B. Graham, Alvarado and Mrs. Sam Lewellen Temple, two grandchildren and four great-grandchildren.

Nephews were pallbearers.

O. T. Canady, 63, Died In Palestine, Last Rites Here

O. T. Canady, 63, lifelong resident of the Jones Prairie Community, died suddenly while visiting in Palestine early Monday morning. Funeral services were held at 10 a.m. Wednesday at the Chapel of Green's Funeral Home.

Rev. J. M. Sibley officiated at the services and interment was in Little River Cemetery.

Mr. Canady, a World War I veteran, was a former member of Sneeds Chapel Methodist Church.

Survivors, Mrs. Joe Clark, Ark., daughter, Mrs. Joe Clark, Ark., five sons, Jerome Candy, New York; Elmo Canady, Lyndal Canady, Billy Canady and Wayne Canady, all of Houston; three sisters, Mrs. Leonard Crook, Greenville; Mrs. Leo Baum, Greenville; Mrs. C. C. Chaney, Temple; three brothers, W. I. Canady of Freeport; N. C. Canady of Houston, and L. C. Canady of Ballinger and six grandchildren.

Pallbearers were nephews.

Walkers Creek To Sponsor Cemetery Association Meet

The Walkers Creek Cemetery Association will hold its annual meeting Sunday beginning at 10:30 a.m.

Guest speaker for the meeting will be Rev. Dudley A. Phifer of Fort Worth. Special music will be furnished by Misses Pat and Nan McClaren accompanied by Miss Peggy Hightower at the piano.

Everyone is asked to bring a basket lunch. Drinks, plates and napkins will be furnished.

Mrs. Conrad Jekel's Funeral Held 3 p.m. Sunday In Buckholts

Funeral services were held at 3 p.m. Sunday from the Czech-Moravian Church, Buckholts, for Mrs. Conrad Jekel Sr., 81, who died at her home on Nolan St., Cameron.

Rev. John Baletka officiated at the services and interment was in the Corinth Cemetery.

Mrs. Jekel was born November 6, 1877 in Muscoda, Wis., and at the age of 13 she came with her parents, Mr. and Mr. and Mrs. John Ruzicka to Washington County, Texas and lived there until she moved to Buckholts in 1882. She married Conrad Jekel in 1902, moving to Cameron in 1947.

She is survived by one daughter, Mrs. Frank Plachy, four sons, Edd Jekel, Will Jekel, Conrad Jekel, and Frank Jekel, all of Cameron; one sister, Mrs. Rose Tomasek; two brothers, Joe Ruzicka and Juluis Ruzicka, both of Buckholts; ten grandchildren and fifteen great-grandchildren.

Pallbearers were A. W. Zajicek, John T. Kuzel, Raymond Zajicek, Anton Svetlik, Adolph Jurca, and John Burti.

—PM—

Mrs. Frank J. Torno has returned from Washington D. C. where she accompanied Mr. and Mrs. E. S. Haraldson and son, "Trey" of Houston on a 3 weeks business and pleasure trip.

MRS. BOBBY HUGH POWELL

Cameronite Marries Miss Linda Schultz

Miss Linda Sue Schultz became the bride of Bobby Hugh Powell in a doublering ceremony performed at the Harris Memorial Baptist Church, Austin.

Rev. Harry Pesnell of Austin performed the ceremony before an altar decorated with white flowers and palms.

The bride is the daughter of Mr. and Mrs. W. E. Schultz Jr. of Austin and the groom is the son of Mr. and Mrs. V. H. Powell of Cameron.

Mrs. Robert Thurman, Austin furnished traditional wedding music and Mrs. Jerry Wakoty of Austin, soloist, sang "Entreat Me Not To Leave Thee" and "The Lord's Prayer.

The bride, given in marriage by her father, wore a gown of chantilly lace and nylon tulle. The moulded bodice featured a V-neckline and short sleeves and the bouffant skirt of tulle was ornamented by lacy bands. Her fingertip veil of nylon tulle illusion was attached to a crown of seed pearls and teardrops.

She carried a bouquet of white carnations arranged on a white Bible.

Miss Artie Schirpik of Austin served as maid of honor and bridesmaid was Miss Sherry Pacell, San Antonio. They wore dresses of blue taffeta and carried bouquets of pink split carnations.

Serving as best man was Wallace Colburn of Dallas and groomsman was Bronson Schultz of Austin, brother of the bride. Ushers were Mike Shelly, and Ricky Shelly nephews of the groom, both of Waco.

A reception was held immediately following the ceremony in the church recreation room. The table was decorated in pink and a portrait of the bride.

Misses Carla Laird of Pasadena and Judy Nicholson of Houston registered the guests.

Mrs. Maxine Strandtman, sister of the bride from Austin servey the three-tiered wedding cake and Miss Nancy Harman of Manor served the punch.

The bride is a June graduate of Stephen F. Austin High School and the groom is a graduate of Yoe High School and is now employed with the Southern Pacific Railroad in Austin.

The couple will be at home at 103 W. 9th St., Austin, after a wedding trip to Monterrey, Mexico.

Co. Reaches 79 Percent of Goal

"Savings bond sales through July 1959 totaled $1,064,234", Mr. Henry Siebman, chairman of Milam County's Bond Committee reported today. "Our county has now reached 79 per cent of its 1959 goal of $385,000. July sales were $49,597."

Sales in Texas for the first seven months of 1959 were $93,477,192 which is 51.2 per cent of the state goal.

"Every American who buys Savings Bonds is providing for his own future, adding to the strength of his country, both militarily and economically," stated Mr. Siebman county chairman.

—PM—

Mr. and Mrs. W. M. Ryan of Lubbock, formerly of Cameron, visited the E. J. Burkes over the week end.

Governor Calls For Big Effort To Curb Wrecks

Governor Price Daniel Saturday called for "an all-out effort to save lives on the Texas streets and highways during the Labor Day weekend in the light of a 6 per cent increase in traffic deaths for the first half of the year.

"I am asking all of Texas—the law enforcement agencies, the civic organizations, the traffic safety councils, but most important of all, the drivers—to help in this most important of all Texas efforts, the saving of human life," the Governor said.

"After looking over the statistical reports from the Department of Public Safety, there is only one conclusion: "The slaughter on our streets and highways should be stopped."

The Governor referred to the DPS report for the first six months which showed 1,097 Texas traffic deaths for 1959 as compared with 1,032 for the same period a year ago.

Total number of crashes increased from 134,000 to 161 000 injuries increased from 56,000 to 66,000 economic loss jumped from 154,000,000 to 179,00, during the same period.

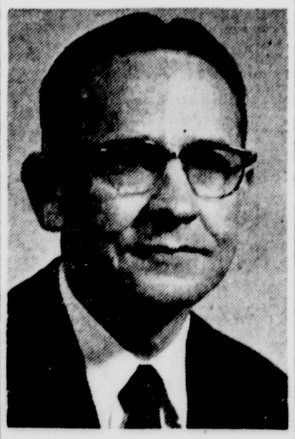
"Percentagewise," Governor Daniel continued, "taffic deaths were up 6 per cent, fatal crashes were up 9 per cent, number of persons hurt increased 2 per cent, number of crashes jumped 23 per cent, the number of cars wrecked increased by 21 per cent, estimated economic loss jumped by 21 per cent, and the estimated miles traveled rose 5 per cent.

As I see it, these figures show that the chances for being injured in Texas traffic are considerably greater than last year, so all drivers obviously need to be aware of this."

Patricia Criswell Attends University Of Japan In 1959

Miss Patricia Criswell, granddaughter of Mr. and Mrs. T. F. Criswell, 505 East 10th, Cameron returned from Tokyo, Japan, where she attended the University of Japan for one year. She will be a sophomore at the University of Texas this fall.

She is the daughter of Lt. Col. and Mrs. Criswell who are living in Japan, where he is stationed at the Tachikawa Air Force Base Hospital.



Cemetery Assoc. To Meet At Little River

Dr. R. L. Dobson of Howard Payne College, Brownwood, will be the guest speaker for the morning service at the Little River Baptist Church September 6th, when the cemetery association meets for their 36th annual reunion.

Officers for 1958-59 were Carlton Crisk, president; Pool Jameson, vice-preaident and T. B. Stidham, secretary-treasurer.

There will be a song service led by Bailey Jones and special music will be rendered by Misses Edith and Wilma Baldridge. A business session will be held to elect officers for the coming year.

Miss Plasek Feted At Recent Shower

Miss Dorothy Plasek, bride-elect of Robert W. Hoermann, was honored with a miscellaneous shower recently. Mrs. Denton House was hostess, and Miss Dorothy Johnson was co-hostess.

Miss Dorothy Johnson conducted three contest, won by Mrs. Van Reed, Mrs. Stanley Fikes and Mrs. Carroll Green. Prizes were small kitchen articles which were presented to the honoree by the winners.

Mrs. Dwain Bowley registered the guests. Special guests were the honoree's mother and sister, Mrs. Frank Plasek and Miss Doris Plasek.

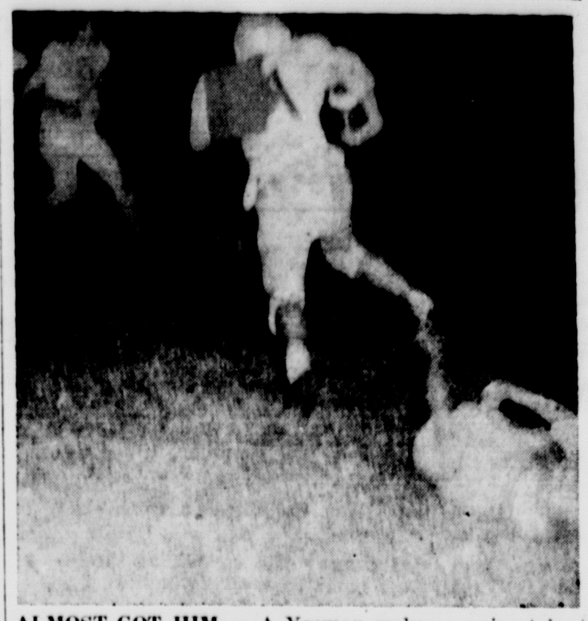
The serving table was laid with a white cut-work cloth underlaid with pink and centered with pink roses footed with a net ruffle, which carried out the brides colors of pink and white. Other decorations were white wedding bells and pink shower unmbrella.

Mrs. Bowley and Miss Doris Plasek assisted in the serving of punch, cookies and mints.

Miss Plasek and Mr. Hoermann will be married October 17 at the Hope Lutheran Church, Buckholts.

Better Harvesting?

Prospects for one of the better cotton crops for Texas continue favorable. But, cautions Fred C. Elliott, extension cotton specialist, the use of improper harvesting methods can cut income by as much as $25 per bale.



ALMOST GOT HIM — A Yoeman makes a vain stab at an unidentified Thorndale player in a scrimmage game at Yoe Field. This was one of three practice scrimmages last week for Coach Speer's players. A good crowd of fans came out to watch the Yoemen practice in preparation for their first regular game against West Friday night at Yoe High Field. Cameron was outscored at Thorndale and by Gatesville and was top scorer at Caldwell.

Mr. and Mrs. Bryan Floyd and children of Rockdale visited in the Dock Thweatt home during the week end.

Mrs. Tommy Thweatt and son of Waco spent the week end in the Gilford Thweatt home.

Lt. Col. Herbert Massengale and family of San Antonio spent last week end with his mother, Mrs. H. W. Massengale. Other guests were Mrs. Jack Buck of Corpus Christi and Mr. and Mrs. Leroy Massengale.

Neighboring Industry . . .

Robertson County sites have been selected by two industries that will employ a total of 212 employees.

Thus the Hearne Democrat noted in front page stories last week.

And again Central Texas cities are gaining the industrial forte that strengthens and diversifies any town's basic economy.

There is incidental similarity in the industries. A porcelanized plumbing fixture concern has contracted with Hearne officials to locate in a vacant oil company building. And in Franklin, a tile processing plant will occupy an empty school building. Each will employ 100 employees or more.

Key factor in their location in Robertson County was the apparent availability of structures for immediate use.

Tentative arrangements have been made by the Cameron Chamber and county officials for a possible lease of the county farm acreage. And the Chamber has tabs on building space for various types of small industry.

An official of Vitro Tech, the new Hearne industry, is quoted as saying: "Representatives of the Hearne Chamber and the impression they and the community itself made on the company's management were deciding factors in locating in Hearne."

Beside the Chamber of Commerce, Hearne's Industrial Foundation was active in attracting the industry.

Location of these two plants in the Central Texas area will help Cameron, even though they are outside Milam County. Just as Alcoa boosted Cameron population, so will these plants boost employment of some Milam workers.

All the elements of obtaining industry were recognized by the new plant's management. That is why they chose Hearne over other Texas towns.

This success story can serve as an example to Cameron, Hearne's neighbor. Their industry can help us. Ours can assist their growth.

Nuclear Destruction . . .

The ghost-like fear of nuclear attack palls the peace of mind of the American people.

Or so it should.

We see more and more information from government sources on what to do in case of hydrogen bomb attack. Recently an article listed the potential casualty toll of a national nuclear attack on the U. S.

It is estimated that 263 H-bombs would destroy about 70 million Americans if exploded at about the same time. That would leave 100 millions unscathed, probably those living in less strategic target areas in cities and rural areas.

Regardless, that is a horrendous prospect for any nation.

This total would be lessened by a thorough organization of various units of government to meet the disaster.

Such prospects heighten the import of peaceful talks between the U. S. and Soviet Russia. And lesser nations developing their own weapons should be aware of the nuclear capability.

All of us must consider the consequences of nuclear attack. Whether in city or country, we would find our lives changed . . . if not obliterated.

The Little River Philosopher

Favors Price Sticker For Eggs, Like They're Using On Automobiles

Dear editar:

It's not that I'm in the market for a new car, I'm waiting for the new models, have been for years, though it doesn't seem to make much difference, as fast as they bring out a new model they turn around and start to work on an even newer one, never can seem to make up their minds, but what I started out to say does concern cars.

I read in a newspaper last ngiht that a new law is now in effect requiring car manufacturers to put a sticker on every car showing the list price — what it ought to sell for, what the extras on it should cost, etc., and there's a $1,000 fine if a car dealer removes the sticker.

As I understand it, this was done to keep sharp dealers from running the price way up, allowing you a lot more for your trade-in and still making a satisfactory profit. What they were doing was taking a $50 cat in on a $100 dog, still getting the $50 they wanted in the first place for the dog, which is pretty high for a dog, but so are cars and everything else.

The new law is intended to put a stop to this.

Now there's an idea that ought to be carried over into farming, but sort of in reverse. While the car sticker law is aimed at keeping some dealers from hornswoggling the public, the farm sticker law would be aimed at keeping the farmer from hornswoggling himself.

For instance, say a farmer has a dozen eggs for sale, and the going price is 20 cents. The government ought to require the farmer to put a sticker on the eggs showing they cost him 30 cents to produce.

I'm not sure how this would keep a farmer from selling 30-cent eggs for 20 cents, but it at least would bring the thing out into the open. It just takes too many eggs these days to buy a new car or a new tractor, even one with a government-guaranteed price sticker on it.

Yours faithfully,

J. A.

Capital Report:

Thousands Troop Back To School

By Vern Sanford

AUSTIN—During the next few weeks young Texans by the thousands will troop back to their classrooms.

Many will be entering a brand new world. There'll be some 250,000 first-graders, sime 28,000 college freshmen. In cities and towns across the state, children will take their last swim in the city pools. Parents will re-set their alarm clocks and re-figure their budgets.

Parents of the incoming college freshmen — most of whom got their own-schooling at rock-bottom depression prices — face what most will regard as an appallingly expensive future. Average cost for a Texas college student is $1,100 a year — not including a car, clothes, dates, etc. In the larger cities it may run $1,500 a year.

For four years the average is about $5,000. But hardly any other investment can be expected to return such handsome dividends. Statistically, the college graduate can expect to earn $100,000 more in his lifetime than the non-graduate.

Aside from the students and the parents and teachers who are affected, "back to school" has a wider impact on the economy. Employment will jump as many of the jobless are absorbed into the operations of the dormitories, boarding houses, lunchrooms. Retail stores look to the briskest sales since Easter in the annual re-outfitting that ranges from blue jeans to book satchels, calicos to crayons.

Real estate, customarily, also has a flurry as families try to "get located before school starts."

Why Go Back?

Why go back to school when you can stay out and earn some money?

Texas Board of Pardons and Paroles has some sobering answers. Its annual report shows that of 1,186 prison inmates released during the past year, only 119 had completed high school. Only six were college graduates.

Percentage is about the same for those persons still in prison. Overall, the Board feels that people who complete their educations and are therefore able to get useful, better-paying jobs are much less likely to run afoul of the law.

All But Three

Gov. Price Daniel signed the huge new state appropriations bill, but he exercised his constitutional prerogative to scratch out some items.

Daniel vetoed appropriations for (1) a $216,000 home for old folks; (2) a $200,000 tourist advertising program by the State Highway Department; and (3) $1,633,500 for interim legislative expenses.

He vetoes the old folks home, said the governor, because "the hospital board does not have responsibility for seniles and ..... state policy should be to get these unfortunate people into private rest homes near their families rather than making them permanent patients of the state hospital system."

As to tourist advertising, the governor said that the Highway Department already is spending twice this much from other funds, and the appropriation would reduce activities.

Daniel said he saw no need for the interim legislative expense money inasmuch as $330,000 had been appropriated in a separate bill for future legislative expenses.

Legislative leaders replied that perhaps the state isn't supposed to be responsible for housing the aged, but the fact is it has some on its hands. They're now housed in the 50-year-old Confederate Home in Austin. It has been labeled a fire trap.

Legislative expense money was to be used to put a new carpet in the House, refinish desks and provide offices for House members. Rep. Bill Heatly of Paducah said he felt it was "unprecedented for the executive branch to tell the legislative branch how to finance itself."

Dividing It Up

Now that all state agencies know how much money they'll have for the next two years, governing boards have been busy deciding how to make the most of it.

STATE HOSPITAL BOARD, with an appropriation that jumped 8.9 per cent to $83,142,340, plans to spend $4,500,000 for new buildings.

TEXAS YOUTH COUNCIL, with a kitty that jumped from $2,767,441 for the 1958-59 period to $10,112,450 for the new biennium.

TEXAS A&M BOARD OF REGENTS has allotted a substantial portion of the $4,969,666 increase in its $44,174,865 appropriation for salary increases on a merit basis.

Two Businessmen Are Directors

Two prominent Texas businessmen, John M. Griffith of Taylor and Karl Hoblitzelle of Dallas, were named to the board of directors of Texas Power and Light Company at a board meeting in Dallas Wednesday.

Griffith, a leading Central Texas banker, is president of the City National Bank in Taylor, and president of the Taylor Savings and Loan Association. He is chairman of the board of directors of the Farmers State Bank of Bertram and of the Taylor Manufacturing Company. He is a director of the Federal Reserve Bank in Dallas, a director of the Bank of Commerce in Fort Worth and advisory director of the First City National Bank at Houston.

He was graduated from South-Methodist University with a degree in banking.

Hoblitzelle is a noted civic leader and philanthropist and is president of the Interstate Circuit, Inc., one of the Southwest's leading theatre chains. In addition to his various duties with Interstate, he is president of Texas Consolidated Theatres, Inc., president of the Texas Research Foundation at Renner, and president of the Southwestern Medical Foundation at Dallas. He is a director of the Republic Natural Gas Corp., Southwestern Life Insurance Co. and Texas A&M Research Foundation. He is chairman of the board of directors of the Republic National Bank of Dallas.

Outdoors In Texas:

$3 Duck Stamps In Effect

By Vern Sanford

This year we have a $3 duck stamp. And ducks are in very short supply. The kick-up price of the duck stamp was intended to make more money available for providing more wetlands for our waterfowl.

D. H. Janzen, director of the Bureau of Sports Fisheries and Wildlife of the U. S. Department of Interior told a group of outdoor writers in Hot Springs some time ago of some of the plans and problems.

"Two years ago a task force of Service employees, representing a cross section of field and Washington personnel, was assigned the job of determining the most important needs facing fish and wildlife in the field of federal responsibility," he said. "Advice and recommendations were sought from all possible sources.

"Of the many national problems considered, the one involving preservation of our wetlands stuck out like a sore thunb. It was quite obvious that the steadily continuing loss of our potholes, marshes and small lakes, so necessary for migratory waterfoul and other aquatic wildlife, was a problem of first magnitude requiring solution if duck hunting was to continue as a national sport."

He said many were critical of the use of the former $2 fee for surveys and studies. Accordingly, the new $3 fee will be used solely for land acquisition of new areas.

The bill also authorizes the opening of not to exceed 40 per cent of these refuges to public hunting. The $3 duck stamp is mandatory immediately, as is the hunting provision. The earmarking however, doesn't begin until July 1, 1960.

Texas will benefit in this land acquisition program. Already the state, with the aid of Federal Excise Tax funds, has bought a marsh area in Jefferson County and is opened to hunting on a limited basis by the Game & Fish Commission in 1958. Although there is a it probably will have some hunting during the coming limited season.

Unfortunately, the breeding grounds of our migratory waterfowl for the most part are without the boundaries of the United States.

We have sime ducks that remain in Texas throughout the year, but there are only a few. Some even breed in the northwestern states, but again they are few by comparison. Most of our ducks reproduce in faroff Canada, their colonial nesting grounds. Those not killed in Texas migrate back there each year for their breeding, and return to Texas when the first cold blast of the north moves them out.

This year they have been hard hit by the drought. Just how much good can be achieved by more refuges in the states is a difficult guess. But since the experts are studying the program, we must go along with them and agree that good will come of it.

"The picture is not so good," Mr. Janzen said. "If it does not improve much more than we can now foresee, we have no choice but to recommend severe restrictions on waterfowl hunting this fall.

"We still hope that Mr.Duck Hunter will have enough faith in the future of this sport to contribute his $3 for a duck stamp, even though his hunting prospects this fall are pretty grim."

While some parts of the country have lost materially in their potholes, this situation is not quite so bad in Texas. There was a time when ducks had very little water when they came to Texas. They alighted in Panhandle grain fields and then moved on to the coast.

Then came our program of building dams in Texas. We now have more than 100 lakes in Texas of a capacity of 100 acres or more. A number of them are extremely large ones. In addition there is hardly a small farm without a stock tank and every large ranch has scores of them. When you fly over Texas and look down at the lakes, they dot the earth like thousands of small diamonds.

Ducks and geese like these resting spots, and many of them remain. They'll always stay where there is food and water. They play up and down the Red River and the Sabine to the coast and all along our coast. In fact, the lower coast of Texas each year is host to more red heads and canvas back ducks than all the rest of the United States combined.

Jones Prairie:

Cameron's BUSINESS REVIEW

Story Of Cameron Business Leadership

Stedman Tractor Co. For FORD

You get power you can depend on with Ford Powermaster tractors available at Stedman Tractor Co., Cameron, according to H. H. Stedman, agency owner.

Stedman points out that his tractor agency features sales and service on all Ford tractors and field equipment and New Holland balers, rakes and mowers.

His company also handles the famous Maytag gas range, washers, dryers and conventional washers. Another product well-known for its efficient operation. Stedman says, is Toro Lawnmowers.

"We have operated a Ford tractor agency since 1946 on the basis of fair price on all our farm equipment good trade-in allowances on used equipment and the Best Ford farm equipment repair in Central Texas."

Hugh Smith has managed Stedman Tractor since it was opened. The agency was moved to its present location, First and North Central, a short time after it was established in Cameron after World War II.

"Stedman Tractor also has excellent service personnel in Leroy Barkemeyer, our service manager and Herman Reineke, tractor mechanic. Barkemeyer has 10 years of experience while Reineke has about seven," Stedman says.

Top Staff At Earle Pearson's

Earle Pearson Chevrolet, 100 S. Travis, Cameron, has a competent staff of Chevrolet service and sales personnel who have lived and worked in Milam County most of their lives.

Pearson's sales force includes Larry Hackebeil, veteran Chevrolet service manager, who now represents Pearson Chevrolet in selling service and new and used car sales. In the past 25 years, Hackebeil has gained valuable Chevrolet experience in Milam County.

Also on the sales staff is Carroll McElwrath, a graduate of Yoe High School and student at Texas A&M who has gained nine years of automotive selling experience.

Parts manager Joe Lee Heitman a Yoe High School graduate has been working at Pearson Chevrolet since attending Durham's Business School in Austin. He has attended the latest schools on parts and customer service for accurate parts service.

Assisting Heitman in the expanded parts department is John Johnson, YHS graduate, who worked with his father in the cabinet business and at a local service

Head of the service department is Doug Morgan, recently moved to Cameron from Johnson City. He has had 25 years of automotive experience including 10 years as service manager of a Chevrolet agency in Johnson City. He has attended schools on transmission, turboglide and Powerglide, carburation and motor tune-up courses.

A top mechanic is Lawrence Jetter, Rosebud High School graduate, who has been with Pearson Chevrolet for two years. With both local and navy mechanic experience, he specializes in air conditioning service and body alignment.

Melvin Dorner, native Cameronite, has joined the Pearson staff recently to open a paint and body shop department. Pearson's now offers 24-hour wrecker service and first quality work through his 13 years of experience.

Rounding out the staff are Joe Taylor, lube technician and mechanic's helper and Oliver Blaylock lube and wash man.

Rexall:
Modern Drug Center Featured At New Cameron

Earl Curtis, owner of New Cameron Drug, points with pride at his outstanding prescription center where complete, fresh supply of anti-biotics and drugs are always available.

New Cameron's prescription service also includes direct lines to doctors offices for fast efficient prescription service when time is of utmost importance, and registered pharmacists.

Curtis, a graduate of the School of Pharmacy at the University of Texas he has received national awards for his merchandising and pharmaceutical work from Rexall Drug Co., drug distributors. They include a plaque for outstanding merchandizing in drug business & a copy of an ancient mortar and pestle of the early 15th century.

An exclusive feature at New Cameron Drug is their Milam Voucher Plan.

"Premium vouchers may be earned with any purchase at New Cameron Drug," Curtis says, "and a list of the gifts with the amount of premiums needed are available at the store." He adds, "buy at home - save at home - and get prepared drugs with the famous Rexall label and a wide line of gift items. Rexall products are nationally advertised, Curtis points out.

Baptist Sunday School To Begin At 9:30 Sunday

By Mrs. A. T. Swanzy

Sunday School at the Baptist Church here will begin at 9:30 next Sunday. We will not have preaching services as the church is giving Rev. Dusek a Sunday off, prior to his starting back to school.

Mrs. Sonny Dorner and Mrs. M. D. Swanzy spent last week in Rockdale in the home of Mr. and Mrs. Leon Noack to help take care of the Noack's new son, Allan, and Nan, one year old daughter.

Wayland and Ronnie Dorner visited Donnie Swanzy Monday until Wednesday of last week.

Mr. and Mrs. Neil Strickler of Houston visited Mr. and Mrs. Walter Strickler one day last week.

Cotton and corn harvest are in full swing following last weeks showers.

Mr. and Ms. Donnie Rice and sons of Amarillo visited relatives here last week end and Gary was a Sunday School visitor at the Baptist Church Sunday morning.

Sapps To Attend Great Southern's Anniversary Meet

Forrest W. Sapp, Cameron representative in the South Texas Agency of Great Southern Life Insurance Company, has qualified for membership in the 1959 Great Southern Club, composed of representatives whose personal production of life insurance exceeded a quarter of a million dollars in the 12 months ended June 30, 1959.

Mr. Sapp and his wife will attend the Club's 50th Anniversary Meeting Sept. 7-14 at the Hotel del Coronado in Coronado, Calif., which will be attended by the 189 Club members, their wives, their agency managers and a group of home office officals.

Party Honors Kathy Jeter On Birthday

Last Thursday a birthday party was given in honor of Kathy Jeter. There were about fifty-five children present. Games were played and cake and punch were served. Kathy celebrated her sixth birthday.

School started Monday with quite a few attending. Three new teachers were welcomed on the campus.

The Denson Rubacs and daughter Sheryl visited in the home of their grandparents the Charlie Sim's Sunday.

Johnny Wilkerson to Milano to spend a while with his grandparents, the Chuck Talbotts.

The Westbrooks had their family reunion last Sunday.

Minor Collisions, Fire Only Action For Fire, Police

Two collisions and one fire call formed major news items from Cameron fire and police departments last week.

Two collisions cost drivers $475 in auto damage while smoke damage was caused in a fire at the Coy Arledge residence, 501 E. Seventh St.

Autos driven by Ronald Ray Brashear, 17, Rt. 1, Cameron and J. R. Yates, 26, Rt. 1, Burlington, collided about 1:15 p.m. August 19 at Central and N. 15th Sts.

Chief Chester Simons said damage to the Brashear vehicle was about $125 and to the Yates Mercury about $125. Yates was ticketed for having no driver's license and failure to yield right-of-way.

A second accident 6 a.m. August 21 occured when cars driven by Grover C. McCall, 70, Rt. 1, Cameron and Lewis John Trdy, 42, Cameron, collided at W. 12th and North Jefferson.

Total damage to the vehicles was about $225 police estimated. Trdy drew a ticket for following too close, Simons said.

In a fire early August 21 a kitchen appliance shorted out and caused a fire, which brought firemen to the scene. Damage was limited to the appliance, an electric range.

Farm, Ranch Capital To Get Fair Return

COLLEGE STATION—How is your farm and ranch business doing? Here are some ideas from Tom E. Prater, extension farm management specialist, which may help you determine where you stand.

Recent research indicates that one item often overlooked by farmers and ranchers is the allocation of a charge for the money tied up in capital investment. Prater says you should consider the fact that money is worth money and that the capital investment in your farm or ranch operation should be earning you as fair a return as a person owning property or an investor, and that you should make a fair charge for the capital.

One way to determine this is to charge interest on the money tied up in your operation and compare it with the interest return you would recieve from United States Savings Bonds, stocks, other bonds or other business opportunities. Consideration should also be given the risk factor.

Another way to figure interest in land investments is to charge a fair rental price to yourself for using your land.

Prater adds that these charges will give you a guide for determining whether or not you are getting the most for your money.

Rains Hinder Crop Harvest

Harvesting of crops made little progress this past week due to scattered rains. Moisture measurements ranged from one half inch up to more than two inches. The heavier rains were spotted.

Generally, farmers do not think rains were heavy enough to damage the grade of cotton. Most damage was confined to the delay in harvesting. Three weeks of clear dry weather in September would see the bulk of the crops harvested in the county. There are several thousand bales of cotton open in Milam County fields ready for harvest.

The rains will revive the growth of grass and other grazing for livestock. Also, the moisture is promising for an early planted oat crop for fall and winter grazing as well as encourage fall planted gardens.

Sears Swine Show To Be September 5

By R. W. Hoermann
Ass't County Agent

Saturday, September 5, is the date set fir the Sears and Farm Bureau Gilt show, which will be held at the Cameron Auction Barn beginning at 9 a.m.

4-H members will exhibit their Sears gilts and the Sears boar will also be exhibited. The county winning gilt and boar will be shown in the Area Show in Waco, Saturday, Sept. 12.

Showing gilts will be Douglas McFarland, Tommie Morgan, Nancy Baggett, Penny Graves, Roy Dean Tomasek, Louis Rozner, Joe Brady and Larry Jungmann. Johnnie Ray Richter will show the Sears boar.

Showing Farm Bureau gilts will be Delmer and Royce Glaser.

4-H Members Enter Records

Seventeen record books have been entered in the boys 4-H program for county and district awards. Those winning awards will be presented November 13 at the County 4-H Achievement Night.

4-H members entering records from the County-Wide Club are Larry Jungmann, Johnnie Ray Richter, Glenn Hughes, Benard Jungman, Douglas McFarland and Arvell Jungmann.

Ad Hall members entering records are Roy Dean and Henry Tomasek, Jr., St. Anthony 4-H Club members entering records are Gwendolyn Jistel, Carolyn Jistel and Martin Jistel.

Tonald Kostroun, Marek 4-H Club; Reed Davis, Sharp 4-H Club; Gerald Campbell, Thorndale, 4-H Club; Johnnie Mekush, Buckholts, 4-H Club and Tommie Morgan, Milam 4-H Club each entered a 4-H record book.

These 4-H members have done an outstanding job and are to commended for the hard work they have put into their record books. They are the people who will be our leaders in the future.

HD Agent Notes: 4-H'ers Lead FB Night Recreation

By Frances Hembree

4-H'ers of Milam county led recreation at the Milam County Farm Bureau family night, August 27. Due to rain, the meeting was in the Agricultural Building of Yoe High School.

Recreation Program

The following 4-H members planned and led the recreation: Jeanette Richter, program chairman; Arvell and Larry Jungmann, Henrietta Richter, LaNell and Wayne Moraw, Jo Ann Hollas, Roy Dean Tomasek, Johnnie Ray Richter, Joyce and Jeannette Fuchs. Penny Graves was on the planning committee.

Approximately 60 Farm Bureau family members participated in the eveings activities.

4-H Records

Record book time has come and gone for the summer and ten 4-H Club girls turned in records. The best records will be entered in district competition.

Members turning in records were Carolyn Campbell, food preparation; LaVelle Fischer, canning; Jeannette Fuchs, Santa Fe; Joyce Fuchs, safety; Penny Graves, Junior clothing; JoAnn Hollas, junior achievement; Maurice McAnulty, senior clothing; LaNell Moraw, citizenship; Jeannette Richter, Danforth leadership training camp and Judy Richter, junior frozen foods.

Cameron Livestock Report

Harvesting Methods Help Farm Income

COLLEGE STATION—Texas cotton growers have produced one of the best crops in many years, and should use the best harvesting methods possible for the most profit, advises Fred Elliott, extension cotton work specialist.

Good harvesting can mean as much as $25 per bale more for the grower, he pointed out. If growers will use good harvesting methods, many millions of dollars can be added to Texas farm income this year.

To harvest better cotton, Elliott stated that cotton should be picked only after dew or rain has dried off and that green bolls, grass, stalk parts or other trash should be kept out of seed cotton.

Enough seed cotton should be taken to the gin for a 500 pound bale of lint cotton. Farmers will be docked for undersized and oversized bales. Also, he reminds, bales weighing less than 275 or more than 700 pounds cannot be sold to the Commodity Credit Corporation.

Other harvesting practices recommended include: not picking cotton in tar bottom pick sacks; seed cotton grouping for hand picked and machine picked cotton.

County Agent Reports:

Use Fumigants To Control Weevils

By J. D. Moore

At this time of year several questions arise concerning the control of weevils in stored beans and peas These insects can be controlled with liquid fumigants. Proper dosage and use of the fumigant at the correct time will not destroy the germination of the seed nor render them unfit for human food.

Seeds can be fumigated in any airtight container such as a G. I. can, barrell, metal garbage can, lard can or a wooden box.

Several liquid fumigants are available that can be used. One of the most common is carbon disulfide or HIGHLIFE. Others are (1) carbon tetrachloride, (2) carbon tetrachloride plus ethylene dichloride plus ethylene dibromide (3) carbon tetrachloride plus carbon disulfide or (4) carbon tetrachloride plus ethylene dichloride.

Use 1 to 1½ ounces of the fumigant to each bushel of seed. A 3 bushel container with only 1 bushel of seed would require more than 1 or 1½ oz for proper fumigation. It is best to use 3 or 4 oz of the fumigant in this case because of the large area that does not contain seed.

Place a pie pan or some similar container on top of the seed. Pour the proper dosage of fumigant into the pan. Secure the lid tightly for 24 to 48 hours. Then remove the seed from the container and allow them to air. After airing, the seeds are suitable for eating purposes. If seeds are to be stored over a long period of time, check frequently for appearance of insects. At the first sign of insect activity, fumigate again. Fumigate when the temperature is above 70 degrees and below 95.

Exercise caution in using carbon disulfide because of its explosive and inflammable properties. Keep all lights and fires away from the liquid and its fumes. The other fumigants mentioned are relatively safe to use and are not as inflammable.

Organic Matter Works

The plant and animal residue that we return to our soil is actually an unseen laborer in our fields. This residue is called organic matter.

Organic matter helps us in many ways. It helps hold erosion down by letting rainfall penetrate the soil rather than run off. It absorbs moisture and holds it in the root zone where plant roots can get to it. Organic matter allows air to get in, too, and helps hold plant foods where plants can make the best use of them.

One way organic matter helps us that we often overlook is it helps the soil warm up in the spring. This gives us an extra day or two head start and sometimes two days can mean the difference between profit and loss.

Egg Carton Labels

Would you like to be more certain about what kind of eggs you are getting without having to break the shell to find out? Then here is something you will be interested in. It has to do with egg carton labels.

The Texas Egg Law requires that egg cartons give the quality of the eggs, the weight of the eggs and the name of the packer. It also says that eggs labeled fresh must be at least Grade A or better.

Egg quality is given in letters starting with AA, A and on down to B, and C. The weights are given in words which describe the size of the eggs. Jumbo is the largest. Next comes Extra Large, then Large, Medium, Small, and last and least too are Peewees.

Everyone of these words and letters have a definite meaning but there are too many details to go into. If you want to find out exactly what egg carton labels mean, drop by your local county agent or home demonstration agent's office. They have this information and can probably give you some more tips on what to look for when you shop.

Friendly Food

Interested in a friendly food? Try eggs! Nutritionists all over the country agree that eggs are a complete food, but Marshall Miller, extension poultry marketing specialist, believes they are something more. He calls them the friendly food.

Eggs are friendly to your pocketbook because they are so inexpensive. They are friendly to your taste because they add that extra something that makes pies, cakes and other dishes really good. Eggs provide so many essential vitamins and minerals besides the protein they are so famous for that it's most unbelievable —Vitamin A Thiamine, Riboflavin, Vitamin D, iron, copper, phosphorus, calcium and lots of others. The old hen even adds a dash of Vitamin B-12 for good measure.

First Battle:

Yoemen To Meet West Friday Night

The Cameron Yoemen will meet the West Trojans in Yoe territory next Friday night for the Yoe's first competitive gridiron battle of the year.

Cameron will host a starting backfield that weighs in at 157 pounds average. The West team will have back averaging 145 in weight. Heaviest man in the West backfield is Pat Barton at 177. The Yoe have 190 pound Ernest Bayer at fullback and Ed Lierman, 165, as heavyweights.

In the line the Yoemen average 168 pounds where West has a 175 pound line.

West supposedly has the best team in the school history fell to Cameron last year to the tune of 15-6 led by charging halfback John Josey.

The only Trojans left from last year that gave Cameron trouble are quarterback Billy Schroeder who threw a couple of long passes that almost stumped the Yoemen. Weldon Willis will return to battle it out with the Yoe linemen. Last year he garnered 70 yards with the pigskin.

The Yoemen have three new boys in the starting lineup this year who haven't seen Yoe action before. They are Bret Shumate, 185 pound starting tackle will make his first appearance along with Roy Wholeb at halfback. David Barkemeyer, 170 pound junior center will make his first appearance as a starter.

Here's a rundown on the two team's lineups.

Cameron		
Ronald Brashear	E	150
James Fontaine	E	170
Joe Humplik	T	175
Herman Koronek	T	175
Griffin Barrett	G	165
Bret Shumate	G	180
David Barkemeyer	C	175
Roy Wohleb	HB	155
Ed Lierman	HB	165
Ernie Bayer	FB	180
Carroll Fikes	QB	150
West		
Robert Reddell	E	156
Gene Lednikey	E	162
Freddie Rauschube	T	176
William Chudey	T	171
Kugene Bajer	G	156
Albin Petter	G	186
Raymond Kubala	C	203
Billy Schroeder	B	141
Pat Barton	B	177
Jerry Smith	B	125
Weldon Willig	B	148

Quarterbacks See YHS-Tiger Film, Hear West Report

Cameron quarterback club members saw the 1958 Rockdale-Yoe High School football film in a second meeting Monday night.

Coach Jim Speer narrated the film and later outlined the West Trojans football potential and probable YHS strategy to meet the big West team.

Officials said that the club will met 7:30 p.m. Monday at the YHS Agriculture Building for a review of the West-Cameron football film.

Ted Eaton high school official from Temple, will address the group on rule changes for the 1959

Dr. Sidney Richardson, president of the Quarterbacks, urged the membership to seek new members and bring them to the Monday meeting.

Also on the program is a scouting report of the Rockdale Tigers due to invade Yoe Field September 11.

THE CHAMPS — The Babe Ruth Cats under the direction of Chief of police Chester Simons and Jimmy McGoldrick won the Babe Ruth League with a 10-2 season record. Members in the picture above are: (front row from left): Larry Plentl, Earl McGoldrick, Bob Dymke, Ronald Litzman, Back row, from left: Robert Moraw, Chester Simons, Jr., Eugene Schattle, James Anderle and Chief Simons.

By Robert Mann
Herald Sports Editor

With the starting of school last Monday it also started a change in the football practicing schedule.

The summer workouts in both morning and evening are now combined into one long evening workout beginning at 2:45 and ending between 5 and 6 o'clock.

Cameron's first football contest just a couple of days away means that the Yoes must be ready for action. Ronald Brashear was the only varsity squad player not in action Tuesday due to a leg injury.

V O S

A number of Yoe High School graduates are returning to college this fall while others are entering for the first time.

Among them are Warren Rinn, former all-district halfback, Guy Dillon, all-state fullback, Ray Green and Bobby Elliott going to Del-Mar Junior College.

There are three of last year's graduates with football scholarships entering college. George Zarosky has a full scholarship to Del Mar where he will join the host of other Cameronites.

Ray Tepera and Jesse Kirk have received scholarships to Navarro Junior College at Corsicana.

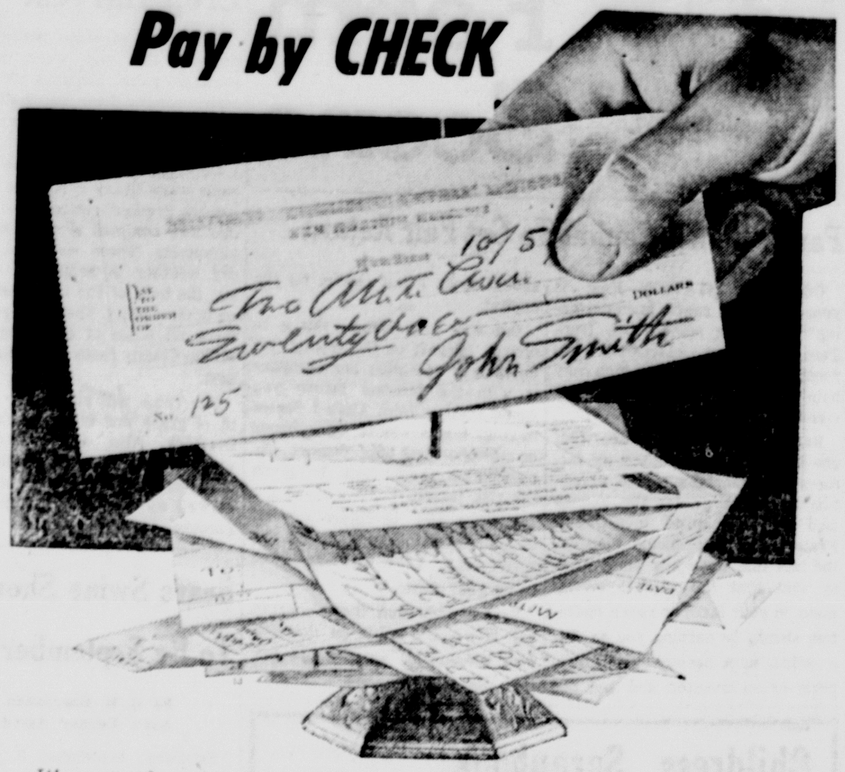
V O S

The Cameron Cardinals will meet the Waco Tigers at Cameron's Colonial field next Sunday at 2:30 for a baseball match.

Ram-Leptospirosis

Warm, wet summer weather is likely to bring an increase in the threat of leptospirosis, a disease which causes national annual losses of more than $112,000,000 in cattle alone, warns Dr. C. M. Patterson, extension veternarian.

Pay by CHECK



It's so much easier, faster, safer to pay bills by check! The mailman does your footwork. You waste no time standing in line. You avoid all arguments about whether you paid this or that bill because your cancelled checks give you proof of payment. You find it easier to budget, because your check stubs show you where every dollar goes.

COUNCIL OKAYS —
Continued from page 1

ed.

Wilson said that construction would proceed from 10th St. south three blocks to Seventh St. on Jackson where basework is complete.

Paving Checked

And he read into the minutes letters from Ray D. Morgan, Temple, a registered public engineer, certifying to the quality of paving material used on E. 10th St. The letters said that the asphalt material tested well above minimum state highway requirements.

One resident along the newly paved route had questioned the quality of material, officials said.

In other street news, councilmen heard Wallace Culpepper and Robert Bailey, residents of North Jackson, request that the city widen the proposed curbing and set the drainage line along existing contours.

Public Works Supt. E. B. Earle said that he had spent considerable time working out engineering details to comply with Bailey's wishes and requirements of proper drainage. Councilmen were to view the site before a decision.

IN OTHER ACTION, the council:

ONE—Agreed to meet with tax evaluation representatives along with Cameron school district and county officials for a joint valuation of all property in the three political units.

TWO—Ordered action to tie seven West Cameron houses onto existing sewerlines within the prescribed 100 feet of a line.

THREE—Approved a second reading of the $254,211 city budget with Councilman Lincoln Mondrik voting against. Considerable discussion developed around the condition of the present police car which is in need of a motor overhaul and new tires. The city has funds budgeted for a new vehicle after October 1.

FOUR—Called for a check of the city's taxi ordinance to check controls available to the city for taxing gross revenue of Cameron's four cab companies having seven vehicles in operation.

Five—Deferred action on a state request to pass a liquefied gas ordinance controlling use of liquefied gas vehicles and storage in the city. Officials said that laws provide enforcement measures and state officials have the authority to enforce the state requirements in cases of violation here.

SIX—Approved a first reading of a garbage and trash pickup ordinance that will mean twice-a-week garbage service and regular trash pickup in residential areas. Cost will be 50 cents a month more for customers.
